## New Spring Millinery

With rare skill and originality our modistes have applied to the millinery on display here the latest, most novel effects in shapes and garniture so that each hat is distinctive, individual and apart from anything you will see elsewhere or even here.

There are Poke Bonnets, Roll Sailors, Turbans, High Small Shapes, Close-fitting Hats, Wide-brim Sailors, Flat-brim Drooping Hats, giving expression to every dominant millinery influence and guaranteeing a selection for each one. They emphasize the wondrous charm and becomingness which fashion has decreed.

Distinguished Dress Hats, in soft and drooping shapes; smart straight sailors, quaint Watteau and poke effects; Ribbon-trimmed Hats and Flower Hats; large and small sizes. Hats that bear the unmistakable charm of exclusiveness and correctness of mode.

Smart Tailored Hats, of all straw, satin and straw, French and Georgette crepe and straw; many with bandeau to give the height. Simple of trimming—a quill, a band of ribbon or flowers deftly applied yet portraying rare charm and elegance. Sport Hats designed for sport, motoring and outdoor wear.

Children's Millinery, both in the dress and tailored modes, and in large and small straight drooping models; many close-fitting shapes, prettily, trimmed with ribbons and flowers.

Mourning Hats, in crepe and straw combined, silk and straw and maline and straw, French crepe and straw. Com-binations of materials that have produced models exquisite for their fashionable correctness and suitability.

Toques and Bonnets for the elderly woman, in a very large and extremely interesting showing.

We have one of the highest grade and best style informed organizations and we will take great pleasure in creating millinery to order if there is nothing in our displays to meet your wants. Our designers have given much study to the styles and have absorbed the spirit of the season in such a manner that they are able to transfer your ideas into a bat of most pleasing style or to offer suggestions as to what you should wear.
